HOME IMPROVEMENTS

## *Our Mission Statement*

Our aim as a local company is to provide friendly, quality services that can be relied upon, with the same attention to workmanship from concept to completion. Backed-up with a fast response to post installation care in the unlikely event that there are any problems.

Customer support by our manufacturer.

# smartglaze

## HOME IMPROVEMENTS

### **ESTABLISHED 2004**

Smartglaze Home Improvements have been improving homes since 2004 and with over 20 years experience, you can be rest assured that not only will we install the highest quality products available but you will also receive friendly, helpful and professional advice too.

### **QUALITY MATTERS**

We believe that quality always costs less in the longrun. All of our installations and products carry a 10 year guarantee and for added piece of mind we offer a 10 year insurance backed guarantee at no extra cost.

### **EXCELLENCE AS STANDARD**

We are so proud of our reputation and installations, that any of our work is viewable on request. In turn, all of our installations are recorded with Derbyshire County Councils Trusted Traded Scheme.

## *Smartglaze doors*

At Smartglaze we understand that every home is different. Choosing the correct door can reflect the style and period of your home. Our choice and styles of doors are second to none and we can make sure you get all the advice you need to choose the right door. Our fitting service will ensure a professional and speedy service.

We are a recommended  
Solidor Installer

The most  
*Secure Door*  
on the market

Featuring a 48mm thick solid timber core and fitted with the Ultion lock, Solidor in the UK's most secure composite door. No home should be without one.

### *Solidor Composite Doors*

We have an unrivalled range of composite doors to really make a statement at your home. A composite door is filled with timber, unlike traditional doors making it the most solid door on the market. They come in a huge range of colours and styles making them perfect for any home.

View our full Solidor Brochure at: [www.smartglaze.co.uk](http://www.smartglaze.co.uk)

# Smart Bi-Fold Options

## Bi-fold Doors

A bi-folding door is the best way to open up your home, let in more light and make your home feel and look bigger. These doors offer the latest in security and energy efficiency. Bi-folding doors stack in a space efficient way giving that

extra space that a patio door just cannot manage. You can choose whether they stack right or left and even inside or outside your home.

Suit your desires, the following are a few options of bi-fold designs for your home.

## *Patio Doors*

Our patio doors are modern, energy efficient and high in security. Perfect for homes looking to add more light and access, our patio doors are available in a range of styles and colours including wood grain effect or traditional white UPVC.

## *French Doors*

A French door is the best way to open up your home, let in more light and make your home feel and look bigger. These doors offer the latest in security and energy efficiency, our French doors are available in a range of styles and colours.

## Stable Doors

All of our standard range and many of our Italia collection door styles can be integrated into a beautiful stable door and you can even benefit from different colours inside and out. All of our stable doors come with high security, fully adjustable, multipoint locking system. A security interlocking door bolt to secure the top and bottom halves of the door together.

*Smartglaze Arch Doors. Just a few arch door options.*

## *Windows*

Smartglaze have a wide range of windows to choose from to suit any home.

Choosing the best windows for your home can be a confusing job, with so many styles and finishes on the market. At Smartglaze we cut through all the hard sell and give you the exact information you need.

## A Rated Glass As Standard

Triple Glazed units also available

NOTE: This window is viewed from the outside

## Turn & Tilt Windows

These windows offer great access for cleaning purposes, ideally placed above a single storey extension

## *Glass with Integral Blinds*

These are an excellent idea if you were planning on having blinds, this design cleverly integrates the blinds in-between the double glazing giving you a perfect blind with no cleaning required.

Available in a range of colours to suit your decoration.

## *French Windows*

French windows are a great option if you are limited on space or have a narrow opening area. Also these are ideal as a fire escape.

## Sliding Sash Windows

We offer the charm and traditional style of a sliding sash window. Retaining all the period charm, delivered at a competitive price.

Inside view in the tilt position

## Mock Sash Horn Windows

A great cheaper alternative is the mock sash window. Offering the same period charm of a traditional sliding sash window, but with the benefit of a regular opening window.

# Bay Windows

Classic Bay windows provide wide, un-obstructed views giving a real sense of spaciousness. They make a beautiful choice for any home.

# Casement Windows

For many reasons Casement windows are one of the most popular types of windows in the UK today. Casement are windows that have one or more hinges that attach them to the window frame. This simple hinge design gives them very little reason to damage or break.

Smartglaze can craft casement windows to any size that you wish and that includes horizontal or vertical opening as well as single panels or double panels that open inwardly together.

Casement dummy sash windows designed to give a flush finish, rather than having a recess on the middle window.

# Georgian Bar Options

All products available in a wide selection

RESIDENCE 7®

## Residence 7

Residence 7 windows and doors are finished to perfection, combining a modern flush appearance and unquestionable market leading design features and performance, all in a maintenance free material. Available as casement windows, shaped windows, bay and bow windows, orangeries, conservatories, single doors and French doors - R7 has all the choices for your perfect home.

*"They have transformed the look of our house"*

*"We couldn't be happier with our new windows"*

## *For the best in Conservatories*

One of the easiest and cost efficient ways of improving your home is the addition of a conservatory. Our range of conservatories is second to none and we offer a professional advice service to help choose the right one for your home.

Whether you are looking for that extra light, a new office, dining area, play room or relaxing lounge, Smartglaze have the conservatory to fit the style and shape of your home.

## *P & L Shaped Conservatories*

The P & L shaped conservatories are able to work with any space you have, and we have many ideas to help design the best solution to fit your requirements.

## *Gable Conservatory*

The gable end conservatory suits all house types and adds that little luxury feel to it too. The look creates space, light and an all round touch of class. It is no wonder that the gable end conservatory is becoming more and more popular.

## *Lean To Conservatories*

A lean to conservatory is the most versatile of all of the conservatory designs. It can be used where the height of the conservatory roof at the house wall is restricted, such as on a bungalow, or where a bedroom window is directly above the centre of the conservatory.

## Victorian & Edwardian Conservatories

### Solar Glass Roofs

These self cleaning solar glass roofs reflect heat back into your room in the winter and will not make your room feel like a green house in the summer time. Anyone with an existing conservatory can keep the existing frames and just replace the roof glass.

### A Few of Our Conservatory Ideas

Budget Style

Roof Lantern

# Transform your conservatory from this...

**Warm in Winter**

**Cool in Summer**

**Self Cleaning Glass**

**Energy efficient**

**Reduce Glare**

**10 year guarantee**

Let us replace your old, tired looking conservatory roof and leave you with a new 'all year round' room that looks great and features high performance, easy clean glass.

What's more our experienced fitters will take just 2 days to transform your conservatory, using your existing base and leaving your decor and garden untouched!

## *Pilkington Activ™ Self-Cleaning Glass*

After years of research and development leading glass manufacturer Pilkington has introduced the Pilkington Activ™ range of products. The range has products which combine both self-cleaning and solar control properties, making them highly desirable amongst homeowners looking for the ultimate in glass solutions.

## *Porch Options*

A Porch can improve your home in so many ways...

A home is a long term commitment and there are times, when improvements are needed. We have a wide range of services that we can offer to help improve you home. All our porches are made to measure for your home, we have a wide range of ideas and styles to meet your needs.

## *Flat Roof Options*

Smartglaze makes roofing easy

We are certified installers of Permaroof and Firestone Rubbercover products. A fast and reliable installation process for house extensions verandas, garages, car ports, garden sheds and dormers.

# Thinking of changing your **FASCIAS, SOFFITS & GUTTERING?**

We have our own scaffold so no need to pay out any extra cost on using another scaffold company.

We take off all the existing rotten timber. (We never go over the existing wood that leads to even more future rot.)

Licensed waste carriers so the majority of the time there is no need to have any skips on the drive.

Our under tiles fascia system is designed to stop birds going in your roof  
Variety of colours to suit different styles of property.

# A Selection Of Casement & Window Designs

Other Options Are Available

## Threshold & Cill Options

85mm stub cill

150mm cill

180mm cill

Face drainage is used when there is no need for a water drip cill.

## Wheelchair Access Option

The low aluminium door threshold is designed mainly for use in commercial properties. Allowing easier access to properties for wheelchair users & disabled people.

This option is not as effective at stopping draughts, and is not classed as draught proof like you would expect from a UPVC threshold, although still water proof.

It is best to speak with your representative to find the best solution for your property.

## Certified Installations

Derbyshire Trusted Trader has been set up for older adults and anyone else who worries about calling in traders or using businesses. It aims to help combat rogue traders and door step crime, and to promote good standards of customer service and fair trading. It does this by supporting businesses that operate legally, fairly and honestly.

IWG has been providing Insurance Backed Guarantees for over 17 years and are the leading industries provider of premium service for the provision of Insurance Backed Guarantees and Customer Deposit Protection.

FENSA are one of the industry leaders for allowing registered companies to self-certify that their installation comply with current Building Regulations.

Firestone Rubber Cover is the UK's leading manufacturer and supplier of Rubber cover roofing, offering a 20 year guarantee and a 50 year life expectancy.

## Your Budget

Whilst we endeavour to provide our customers with competitive prices we do use premium products when quoting, as a result our quotation may not be the cheapest if shopping around, please mention this to our team who can always suggest similar products that may suit a cheaper budget bracket.

## Aftercare

Aftercare means a lot to us. We work on a 1-5 working days post installation service in the unlikely event you have a problem.
